

Audience:
Dog owners in Brisbane,
especially those unfamiliar with the near parks.

DOG PARK FINDER

Search page

The search page features a browser window with the URL 'https://url'. The header includes the 'Dog Park Finder' logo and the text 'In Brisbane'. Below the header is a placeholder for a 'Carousel'. A section titled 'Please select a search category' contains three buttons: 'ADDRESS', 'SUBURB', and 'PARKNAME'. Below this is a search input field with the placeholder text 'Please enter your address'. At the bottom are two buttons: 'Search Dog Park' and 'More Options'.

More options allow users to search precisely.
Three categories search more efficiently!
Search by address, suburb name, park name:

Objective

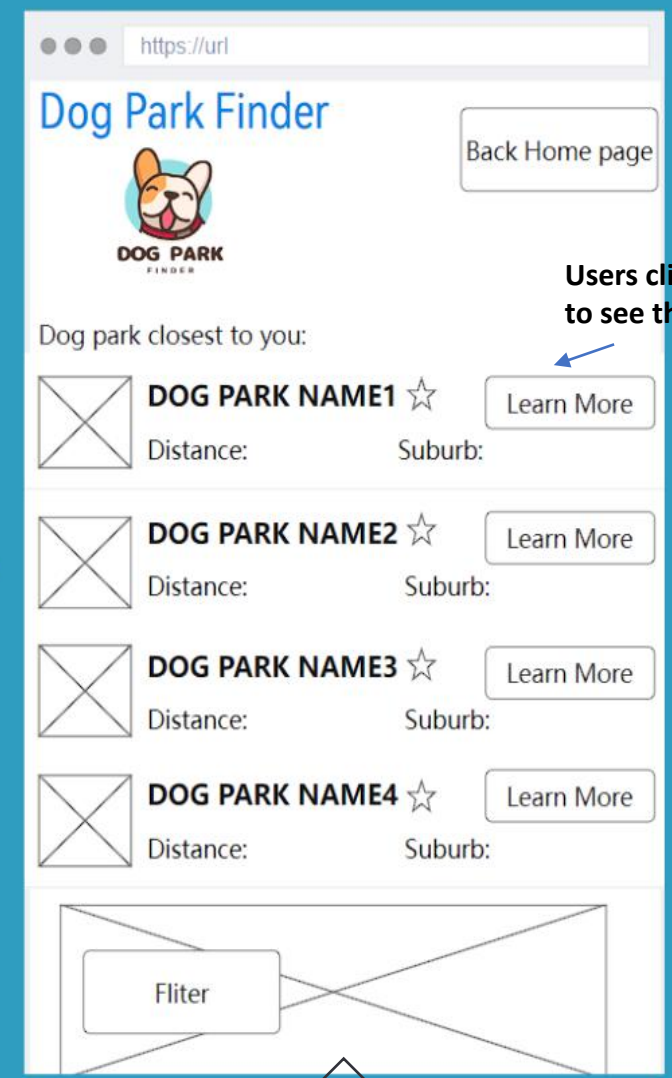

To seamlessly connect dog owners in Brisbane to dog parks with suitable facilities.

How

Users can input their location and use filters to find a dog park with suitable facilities.

Dog Park details
Including **commonly used facilities** that users are more concerned about.

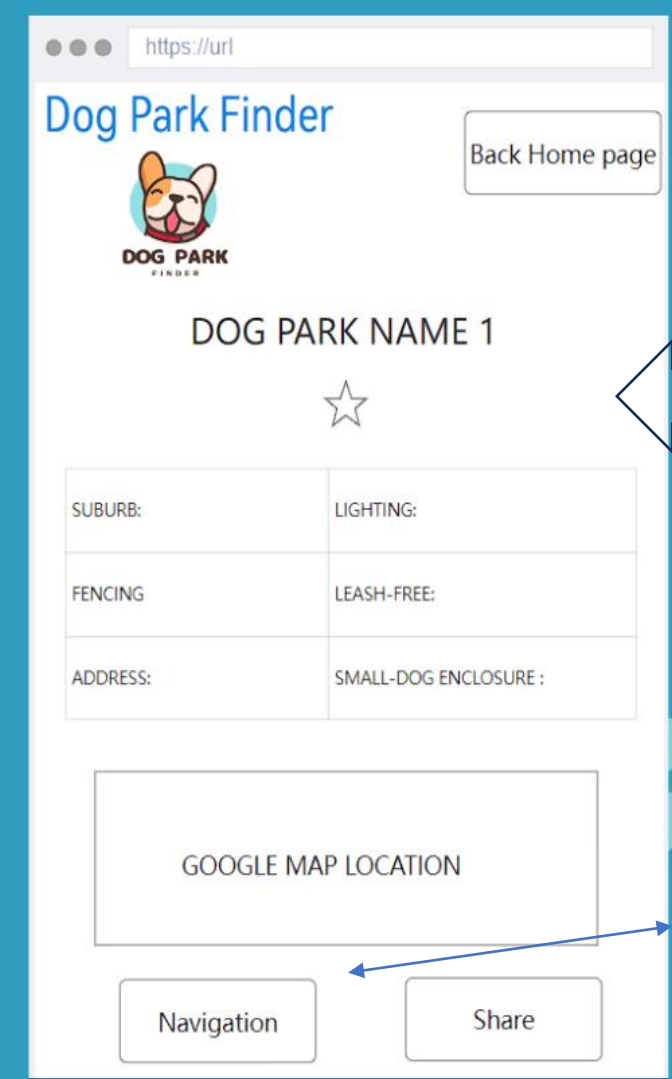

Users click learn more to see the details.

The result page shows a list of dog parks. Each entry includes a placeholder image, the park name (e.g., 'DOG PARK NAME1'), a star icon, and buttons for 'Distance:', 'Suburb:', and 'Learn More'. At the bottom is a 'Filter' button and a placeholder for a carousel.

Result Page

Collection ☆: convenient to search for information in the future.
Filter: convenient to find specific search faster.

The info page displays details for 'DOG PARK NAME 1' with a star icon. It features a table with the following facilities: SUBURB, LIGHTING, FENCING, LEASH-FREE, ADDRESS, and SMALL-DOG ENCLOSURE. Below the table is a 'GOOGLE MAP LOCATION' placeholder and two buttons: 'Navigation' and 'Share'.

Info page

One-click navigation use google map Api to destinations and **One-click sharing** with friends.

Concept

Dog park finder is a website app that helps local dog owners find suitable facility dog parks nearby. Dog Park Finder focuses on helping dog owners, especially those who are unfamiliar with nearby parks. When they use this finder, they can find good and right dog parks near them, view park facilities, share with friends and use google map navigation with one click easily. They can also filter and bookmark their favorite dog parks.

Reflection

Throughout the design process, my approach to design underwent a profound transformation. Inspired by "Aussie Dog Friendly", I understand the importance of combining innovation with practicality. This process led me to think deeply, redefine and refine the design of Dog Park Finder. I learned the importance of continual adjustments to user audiences and a greater emphasis on the value of continuous learning, judgment, and critical thinking.
